

VAUXHALL SCHOOL & TOTALLY PSYCHED PRESENT

Childhood Anxiety & ADHD

- We are seeing record rates of anxiety in NZ children!
- ADHD, neurodiversity and anxiety go hand in hand... why?
- Are our children experiencing it more now and why?
- How would you know?

Dr Sarah Watson

is the Founder, Managing Clinic Director and a registered Child & Adolescent Clinical Psychologist at Totally Psyched. Sarah has over ten years of experience as both a Psychologist and leader across a variety of settings, all specialising in working with children, adolescents and their families.
